

Alcove
Candle Holder

A tea light candle holder inspired by sculptural niches in traditional Indian architecture, where recessed pockets protected flames from the wind. Made with refractory clay, its textured surface and rugged edges express the natural qualities of fired earth and brick.

Use & Care

Handle the Alcove with care, it should only be wiped with a dry cloth. Refractory brick is a natural material and small imperfections in the material are part of the unique beauty.

Your Alcove may get hot with extended use. Please handle with care, and keep out of reach of children during storage and use.

For more details, please refer to our [material care guide](#).
